COMPTROLLER'S STATISTICS

San Antonio, Texas, March 27.—(Special) In the report of the comptroller of public accounts there is contained statistical information concerning the cattle industry which is of particular interest at present. During the fiscal year ending August 31, 1907, there were rendered on the assessment rolls of the various counties of the state 6,504,056 cattle, their value being \$59,138,381, average value \$9.09, in contrast to \$6,015,859 as the number of cattle, \$54,990,363 their value and \$9.14 their average value for 1906. An increase over last year's report is shown in number of 488,197, and in value of \$4,140,018. This hardly indicates that the cattle industry is on the wane in Texas.

Norfolk, Va., March 27.—With everything in readiness for the execution of Leo Thurman for the murder of Walter P. Dolson of Michigan, a long distance telephone message was received from Governor Swanson announcing that another respite had been granted until April 8. The respite was granted Willson of Kentucky, who asked it in order that Thurman's brother might secure further evidence.

FIFTEEN THOUSAND DOLLARS.

President of Refrigerator Company Awarded Damages.

New York, March 27.—Emmanuel L. Phillips, president of the Union Refrigerator Transit company of Milwaukee, was awarded damages for \$15,000 against the McClure Publishing company. The suit was based on alleged libelous statements in a series of articles written by Ray Stannard Baker and published in McClure's Magazine, in which it was charged Mr. Phillips' company received unlawful commissions. Mr. Phillips sued for \$100,000.

TRAIN THIRTEEN WRECKED.

Two Men Killed, One Fatally Injured and Four Slightly Hurt.

Rochester, N. Y., March 27.—Two men were killed, one fatally injured and four slightly hurt in a wreck of Erie train No. 13, known as the Wells-Fargo express near Belvidere. The wreck occurred three miles from a telegraph station. It is alleged an operator made a mistake in orders and failed to hold a freight for the express to pass.

When the wife of Engineer Melner was notified of her husband's death she collapsed and it is feared she will die.

OPPOSITION IS AMERICAN.

German Foreign Office Declares He Is Acceptable to It.

Berlin, March 27.—The matter of the acceptance by the German government of Dr. Hill, now American ambassador to The Hague, as 'American' minister to succeed Charlesmagne Tower, continues to hold public interest. The foreign office deals with the affair by denying that any expression adverse to Dr. Hill has come from the German side by declaring he is persona grata and all statements to the contrary are in a sense inventions put into circulation by designing Americans. It is stated the opposition to Dr. Hill is American and not German.

SOCIALIST THEATRE AT GOTHAM

New York, March 27.—Cosmopolitan New York has long had its Yiddish, Chinese, Hungarian and Italian playhouses, but it has remained for Julius Hopp, a well-known resident of the Lower East Side, to give to the metropolis its first Socialist theater. Manager Hopp, who has long struggled to establish a Socialist theater in this city has found a home for his endeavors in a small playhouse in East Third Street where the initial performance was given tonight. Three one-act Socialist dramas make up the bill. They are "The Moral Demand," by Otto Erich Hartleben; "Their Daughter," by Andre Tridon, and "The Dolls," by Mr. Hopp himself.

CAROLINA RATE CASES.

Raleigh, N. C., March 27.—The complaint made by the North Carolina state commission against the Norfolk & Western railway came up for hearing today before Judge Clements of the Interstate Commerce Commission. The basis of the complaint is alleged discrimination in rates against North Carolina points in favor of certain Virginia cities.

SOMETHING OF STEVENS.

Regarded as One of the Best of Diplomats.

Washington, March 27.—Widely known as a diplomatist who had won distinction both at Washington and Seoul, Durham White Stevens, whose death occurred in San Francisco late Wednesday, was returning to his home for a vacation of about a fortnight. Mr. Stevens had lived here for many years. One of his sisters, Mrs. J. I. Porter, wife of the assistant superintendent of railway adjustment in the postoffice department, is lying ill at her home here as the result of the shock caused by the shooting of her brother last Monday. Mr. Porter is now hurrying to San Francisco.

Mr. Stevens, for ten years—until 1883—served as secretary of the American legation at Tokio. He then entered the Japanese diplomatic service, rendering effective work in the Tokio foreign office, in the Japanese legation here, in Hawaii as a Japanese agent and in Korea, where he first went in 1884, to adjust differences then threatening war between China and Japan, and returned there in December, 1904, nominally as diplomatic adviser to the Korean government under a protocol concluded between Japan and Korea, but really as counselor for Japan in that government's policy toward Korea. This was the crowning triumph of his career, and the Japanese government recognized the value of his services by giving him an honorarium of \$10,000 annually and decorated him with the order of the Rising Sun and the Sacred Treasure. He was a prominent club man during his career at Washington.

The most profound regret was expressed by Ambassador Takahira and the embassy staff over the death of Mr. Stevens. The Japanese government was notified of the death in a message from the embassy.

JOURNAL JUSTIFIES DEED.

United Korean Contains Portraits of the Murderers of Stevens.

San Francisco, March 27.—The weekly issue of the United Korean, a local paper published by the United Korean association here, has appeared. A force of Koreans are busily engaged preparing 2,000 copies for mailing to Korea. At the same time they express some doubt as whether Japanese officials will permit its entry into the country, as it is said mail is frequently opened and examined by Japanese officials. The paper contains besides pictures of Chun and Chang, the assassins of Durham W. Stevens, a fervid editorial justifying the deed.

ROBERTSON IN CUSTODY.

Broken in Health and Penniless and Anxious to Return.

San Francisco, March 27.—Word reached the office of the chief of police, says the Call, that John Dalzell Robertson, assistant secretary of the defunct California Safe Deposit and Trust company, is at New York and anxious to return to San Francisco and turn state's evidence.

Robertson was indicted with J. Dalzell Brown, Walter J. Barnett and James Treadwell on charge of embezzlement. He escaped from San Francisco as soon as the crash came and has been a fugitive for four months. Robertson is penniless and broken in health.

Through friends he has made what practically amounts to a complete confession and hopes he may be granted immunity for the testimony he is willing to give. Statements by Robertson directly involve Brown, Barnett and Treadwell.

Sharp Earthquake Shock.

St. Thomas, March 27.—A sharp earthquake shock occurred in this section of the Danish West Indies Thursday. No damage resulted, but there was great alarm.

A. B. Rust No More.

Dallas, March 27.—A. B. Rust, a prominent resident of this county, died near Eagle Ford.

ARMY OFFICER RETIRES

Washington, D. C., March 27.—Major General Adolphus W. Greely, the famous Arctic explorer, for news of whose whereabouts the Congress of the United States once offered a reward of \$25,000, was placed on the retired list of the army today for age. General Greely is now in the Orient on leave of absence. His last command was that of the department of Dakota, with headquarters at St. Paul, where he was recently succeeded by Brigadier General Winfield S. Edgerly.

DODGING DAMAGE SUITS.

San Antonio, Texas, March 27.—San Antonio has embarked on a campaign to get good streets and sidewalks. A recent decision by the Fourth Court of Civil Appeals has compelled the city to pay five thousand dollars damages to a man who injured himself by stepping into a hole on a sidewalk. Mayor Callaghan has issued instructions to the street commission to begin repairing all downtown streets and plazas. He announces his purpose of putting all of the pavements in first class condition. The Business Men's Club, and the Woman's Club will join the mayor in this work of civic improvement and a campaign for good streets and sidewalks will be inaugurated.

Y. M. C. A. CONVENTION

Columbia, S. C., March 27.—The fifth annual interstate convention of the Y. M. C. A. of North and South Carolina opened here today with a full representation of delegates. The formal opening this afternoon was preceded by a conference of student delegates this morning. Governor Ansel, Bishop Guerry of Charleston, Robt. President Scherer of Newberry college are among the notables on the program for the afternoon and evening sessions. The convention will remain in session over Saturday and Sunday.

BRYAN IN PITTSBURG.

Pittsburg, Pa., March 27.—William J. Bryan arrived in Pittsburg this morning from Washington and was enthusiastically received by the local branch of the Bryan State league. During the forenoon he received many prominent Democrats in conference at the Fort Pitt hotel. Mr. Bryan delivered a political speech at a mass meeting in Exposition Music Hall tonight. Tomorrow morning he will go to Parkersburg.

ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries:

RUFUS HARDY (Re-election).

For Congress Sixth District:

BRYAN, TEXAS, MARCH 28, 1908.

There is the usual number of "questions of veracity" between prominent politicians in this campaign.

The people of Arkansas have snowed under Senator Jeff Davis's candidate for governor. Now what is Senator Jeff going to do about it?

If any reform legislation is to be enacted at this session of congress it will be because the Democratic minority prodded the Republican majority into doing it.

After the Bailey and anti-Bailey serio-comedy engagement is finished the prohibition melodrama will be staged with the prospect of a continuous performance for at least a year.

Congressman Jack Beall took a snap shot of Roosevelt in these words: "He is the strangest combination of wisdom and folly, of patriot and politician, of courage and rashness, of the spectacular and grotesque the republic ever saw."

The headquarters of the Postoffice Inspectors for the Southwest has been removed from New Orleans to Austin. The headquarters of commercial supremacy on the Gulf coast was removed from New Orleans to Galveston last year.

In boring a public well at Lufkin an oil bearing stratum was struck and the drillers are negotiating with the city council for an interest in case oil in paying quantity is found. The oil excitement in Lufkin is at fever heat.

Attorney General Davidson has won another victory over the Waters Pierce Oil Company. It may be, however, that like the immortal Robert E. Lee he will wear himself out winning victories without any advantage to the people whose battles he is fighting.

Samuel Hopkins McGary, editor of the Beaumont Journal, died Wednesday night in that city. He was a son of "Uncle Dan McGary," well known editor of the Houston Age and other newspapers. About seventeen years ago the deceased was married to Miss Lida Troupe of Bryan, of which union three children were born, all of whom survive. The mother died shortly after their removal to Beaumont in 1895.

The representatives hall in the capitol of Tennessee at Nashville has been the scene of many political bat-

tles, but the Republican state convention held there Wednesday broke the record. The Brownlow faction met at 6 a. m. and proceeded to organize. When the Evans crowd arrived they rallied around their leader and endeavored by a center rush to gain the platform. Then the battle raged. Backward and forward the struggling mass surged. Heads were skinned, eyes blackened, clothing torn and furniture smashed. It ended in a victory for the Brownlow faction; who by main force ejected the leaders of their opponents. One Brownlow man broke four chairs over the head of one negro delegate of the opposite faction. It was an anti-Taft victory and the delegates to the national convention go uninstructed.

NEWS NOTES OF NEIGHBORS.

The store of Tom M. Owen at Navasota was broken into Wednesday night by burglars, who took about twenty pairs of shoes, several bolts of lawn and calico and perhaps other articles.

Madisonville people are making an effort to secure a normal school during the coming summer. A meeting to make preliminary arrangements will be held April 4th.

Hon. Dean of Centreville, recently appointed district judge to succeed Judge Gordon Boone, is a native of Madison county and is not quite forty years old.

NEWS NOTES OF SPORT.

President Navin of the Detroit ball club has leased the old race track at Hot Springs, and in future this will serve as the permanent training grounds of the Tigers.

The Pittsburg club is having more trouble in signing players this spring than any team in the major leagues. Hal Chase of the New York Americans hit for \$390 in twelve games with the San Jose team, the leaders of the California State League.

Frank Mintel has made a very poor showing since his victory over Honey Melody. It looks as though Mintel doesn't know the route to championship honors.

Jim Barry, the Chicago heavyweight, is now under the management of Billy Gee, who used to look after Tommy Burns' interests.

Eustace Miles, the English racquet expert, has arrived in the United States and Jay Gould will soon have an opportunity to defend his title of world's amateur champion.

The Boston Americans gave Toronto \$3,000 and Grimshaw, Schaffly, Jacobson and first chance at Bill Carrigan in return for Jack Thoney. And now Thoney refuses to sign.

Rockford, Ill., is to have quite a colony of ball players next month. The Duluth and Branson teams of the Northern League and the Oskosh and Rockford teams of the Illinois-Wisconsin League will all do their training in the Illinois cities.

The magnates of the Texas League are making a vigorous effort to be taken out of Class C and put in Class B of the National Association. Class B requires that a league shall represent a population of at least 300,000. President Robbie of the Texas league claims 400,000 for his organization.

DIMMITT LETTER.

Full Rendition of Property Values Makes Everybody Look Rich to Dixon.

Dimmitt, Texas, March 22, 1908. Bryan Eagle:

As it has been some time since I have written from Castro, I will drop in a few lines. News is scarce or at least I am too busy to look for news: I am now taking an inventory of the property owned by the good people of this county under the "Full Rendition Law." People that were poor in 1907, are now rich, or at least it looks that way when you compare this year's work with last year. Those whose valuations run from \$1800 to \$2000 last year run from \$4000 to \$5000 this year. If the state doesn't cut the rate pretty low it will hurt the taxpayers of this county considerably. I am also taking agricultural statistics. I counted up the wheat average planted for this year and have 1185 acres and only have about one-fourth of the county worked. Wheat is also looking well. We are beginning to need some rain on it though. One man has in 600 acres which is the largest crop I have found. There are a number of new people coming into Castro county now; more than at any time since I came here. Our country will soon be pretty well settled up.

The W. O. W.'s of this county had a big oyster supper at Dimmitt last Friday night. We had on hand 2000 oysters and used all of them except about 300. I suppose there were at least 150 people present. All had a nice time and got all the oysters they wanted to eat. The supper was a grand success in every particular and everything was carried out nicely. Oysters served at Hotel Castro.

We have had fine weather all this month and nearly all of February. Our fruit trees are loaded down with blooms. I am afraid they will get killed yet, as we had a big snow 21st of April in 1907 and it isn't too late to have freezes or snows yet.

S. D. Lee was at our place Saturday after a load of kaffir corn. He is getting along nicely on his new place. He has nearly 100 acres of land broken out now. All the other Brazos county people here are well.

I have one correction to make to the last letter I wrote the Eagle, where they put 4 or 5 gallons of lard. It should have been four or five gallon cans of lard. I killed a hog since I wrote that weighed 345 pounds. We have the meat and lard. Now, if we can get the flour we can pull through another year I think. With best wishes to the Eagle readers I will close.

SIXTEEN SOLDIERS SENT.

Lieutenant and Fifteen Privates Go to Guard Tobacco Beds.

Lexington, Ky., March 27.—Lieutenant Jenkins and fifteen men from the Whitesburg company of militia were sent to Mount Sterling to guard tobacco beds and other property. They have been on duty at Hopkinsville for several weeks. There is no ill feeling against the soldiers, but much bitterness expressed on the part of independents, who declare if the independent tobacco men's property is burned Equity society property will follow.

Over Six Hundred Ballots.

Anderson, Ind., March 27.—Republican congressional convention of the Eighth district up to 10 o'clock Friday took 621 ballots, beginning at 3 o'clock Thursday afternoon, with no change. Representative Gromer led from the start.

EARTHQUAKE SHAKES CITY

Place in Mexico Literally Wiped Out of Existence.

City of Mexico, March 27.—The town of Chilapa, in the state of Guerrero, was completely destroyed by an earthquake. Following the shock the ruins took fire and the whole city became ignited. The populace is terror-stricken. It is not known even approximately how many lives were lost. Chilapa was a city of 15,000 inhabitants.

AT LEON SPRINGS.

Federal Army Maneuvers Are Likely to Be Held at That Place.

Austin, March 27.—Adjutant General Newton received a telegram from the war department at Washington in which it was stated that Federal army maneuvers will in all probability be held at Leon Springs in the early part of July instead of middle of October. If the maneuvers take place in July Texas troops will participate and the state encampment will not take place at Camp Mabry. Changing date of Federal maneuvers will be quite a concession for Texas National guard.

Dr. T. R. Crowder, chief sanitary officer of the Pullman company, headquarters at Chicago, is here conferring with State Health Officer Brumby concerning the suit recently filed at San Angelo against the company. Dr. Crowder indicated to Dr. Brumby that his company intends to comply with the law requiring disinfection of coaches in every respect. Some experiments in disinfection were made by Drs. Crowder and Brumby.

MAXEY SET FREE.

All Witnesses, the Prosecuting Attorney and Grand Jury Foreman Dead.

Fort Worth, March 27.—With all the witnesses dead, the foreman of the grand jury which indicted him dead and the prosecuting attorney who made the case against him dead, Ernest Maxey, charged with killing Dayton Madox in 1904, was freed in Judge Simmons' court. Jeff McLean, county attorney at the time of the killing, was himself killed by Bill Thomason, the state's main witness in the Maxey case. Thomason died from wounds received in a fight. Three other witnesses died during the year.

FIVE PRISONERS ESCAPE.

In Some Unknown Manner Secure Keys to Their Cells.

Waco, March 27.—Having secured keys to their cells in some mysterious manner five prisoners in the county jail got out into the runaround and then escaped through a vent hole at the top of the jail. Among those who escaped were Arthur Young, charged with theft of diamonds worth several hundred dollars at the Young Men's Christian Association recently while young men were bathing and John Barr, who made a murderous assault on Sheriff Tilley several weeks ago, shooting holes through the officer's clothes. The hole through which they escaped is small.

A BRILLIANT EVENT.

Trades' Display at the Rink Last Night Under the Auspices of the Ladies of the Christian Church.

The Trades' Display at the Rink last night under the auspices of the Ladies of the Christian Church was a brilliant pageant in which about sixty young ladies took part in beautiful drill figures, dressed in white and costumed to represent mercantile and other lines of business. Flags, sashes and banners were profusely used and printed and painted with firm names. Miss Willie Rogers directed the beautiful drill. Following this feature a program was given including excellent music. There was a large crowd present and everybody enjoyed the novel and notable entertainment. Miss Leslie Mawhinney represented the Eagle with a beautiful costume and has our sincere thanks for the courtesy. The ladies and all taking part are to be congratulated on the success of the event.

Prof. J. D. Willis read the advertising verses written by Mr. J. T. McGee after calling the name of each firm represented, the young lady stepping out from the drill. The musical program included vocal numbers by Misses Willie Rogers and Emily Peale, and a violin solo by Ernest Nitch.

CAPT. G. I. GOODWIN HERE.

"Goodwin Hall" at A. and M. Named for Him—Was Member of the Fourteenth Legislature.

Capt. G. I. Goodwin arrived from Brownwood yesterday afternoon and spent some time on the streets looking up and mingling with old friends. Capt. Goodwin left Bryan for Brownwood thirty-two years ago, after having lived in this city ten years, being engaged in the practice of law. He was also for a time one of the owners of the Bryan Appeal, later succeeded by the Pilot. Capt. Goodwin was a member of the Fourteenth Texas legislature and his good work towards the establishment of the A. and M. College has lately been given the stamp of approval and appreciation by the legislature, which in providing funds for the erection of the new dormitory, also specified that it be named Goodwin Hall. The corner stone of this splendid building will be laid at College this morning at 10 o'clock, with appropriate ceremonies, and Capt. Goodwin will be present as the guest of honor. Capt. Goodwin is a native of Georgia, 73 years old and has been in Texas 63 years. He is yet hale and hearty, and is a pleasure to have him visit Bryan. Capt. Goodwin was a pleasant caller at the Eagle office yesterday afternoon.

MEETING IS PROHIBITED

Sheriff Hood Fears That Trou-
ble May Result.

EVERY ARTICLE THE CAUSE

Montgomery County Official Notices
Editor of the Colored Alabamian an
Editorial Appearing in That Paper
Impelled This Course.

Montgomery, March 27.—Because of
inflammatory matter in a local negro
paper, the Colored Alabamian, Sheriff
Hood has withdrawn his permission
for a meeting of negroes in the court-
house at which a protest was to be
made on the attitude of the administra-
tion at Washington toward the race.
This meeting had been called by Bish-
op Alstork and a number of others in
what had been taken to be an anti-
Taft movement in the state.

Sheriff Hood, addressing the editor of
the paper, said: "In view of your
editorial, which is calculated to arouse
racial prejudice, creating a condition
that bodes no good, but much harm to
both races, especially the negro, who
must be the greatest sufferer in any
conflict aroused by foolish and unwise
leaders and agitators, I withdrew my
consent for political meetings to be
held in the county courthouse. As the
custodian of the courthouse, the prop-
erty of the taxpayers of Montgomery
county, I cannot give my consent for
its use to men who write incendiary
articles and make incendiary speeches,
calculated to stir up strife and dis-
turb the harmony and good feeling
that exists now and is so desirable be-
tween the whites and blacks of this
city and county."

SHOT HIS SISTER.

Little Victim Expires With Se-
cret Not Revealed.

Benton Harbor, Mich., March 27.—
Opening his lips and breaking the
silence which had endured for eight
months, Henry Orlaskey, a ten-year-old
German boy, tearfully confessed to
having fired a shot which killed his
eight-year-old sister.

Louise Orlaskey was shot accident-
ally July 26, 1907, dying the following
day. She was playing in the yard of
her home at the time with her young
brother. Following the shooting the
lad declared two unknown boys had
fired the shot. For weeks officers
hunted for the supposed guilty ones,
but without success. One arrest was
made, but the prisoner proved an alibi.
Investigation was resumed recently
after a lapse of several months and
now the boy has confessed. He said
that after accident he induced his sis-
ter to promise not to tell who shot her.
This promise the dying child honored
despite every effort to make her ex-
plain the shooting.

WINDOW ROBBERIES.

Several of Them Have Taken Place
at Fort Worth.

Fort Worth, March 27.—The police
department has received reports of
many window robberies. The home of
Policeman John Lane was also enter-
ed by a negro. Lane fired at the fleeing
black, but he escaped.

A burglar reached in a window of
the home of Dr. Bond and snatched a
purse from the dresser near which the
physician was sitting reading.

W. P. White also reports theft of
trousers containing \$3, stolen from a
chair near a window.

Homer Wadkins fired upon a robber
as he was about to enter a window of
his home.

Postoffice Blown Up.

San Francisco, March 27.—Two dar-
ling robbers blew up the postoffice at
South San Francisco and secured
\$2,000 in coin and stamps. A posse,
consisting largely of state police,
started in search of the safe-crackers.

A PROPER EPITHET.

Easy Way in Which a Domestic Rup-
ture Was Averted.

The troubles which are brought to a
parish priest for solution are almost
infinite in their variety. In a certain
Prussian village, says Friedrich August
Dressler in "Moltke in His Home," an
old woman came to her spiritual
adviser and proposed a separation
from her husband.

"If he would beat me," she said,
"that would be all right; that would
show that he was really my man. But
he calls me worse names; he calls me
a 'subject'! I will not stand for that!"
"So, 'subject,' eh?" said the priest.
"Yes, that is bad. It is a bad word. I
did not think he would say that. But
are you sure you understood? Did he
say 'subject' or 'object'?"

The old woman shook her head. She
was not certain. The priest smiled se-
renely.

"Ah, I thought so," he said. "Now,
I am sure that is what he called you.
'Subject' would have been very bad.
It would be hard to forgive that, but
'object,' pooh, it is nothing. If at all,
it flatters one."

The woman laughed happily. "And,
then, I need not leave him? I can still
keep him for my man?" she asked
eagerly.

"Certainly," said her mentor, "and
rejoice. 'Object,' that is very fine,
very! I was sure he did not say 'sub-
ject!'"

She went away entirely satisfied,
and the priest heard of no more dis-
agreements between the couple.

SIX PERFORATIONS.

Stevens' Murderer Delighted His
Victim Expired.

San Francisco, March 26.—Durham
White Stevens, the diplomatist, shot
by In Whan Chang, a young Korean
on Monday, died at the St. Francis
hospital Wednesday night following an
operation. Death was due to periton-
itis. The operation disclosed that the
assassin's bullet had perforated the in-
testines in six places.

At the bedside when death came
were Choso Kock, Japanese consul
general at San Francisco; Morris Wil-
son and Colonel W. A. Simpson, per-
sonal friends of Mr. Stevens, and Drs.
Zumwalt, Terry and Huntington.

Mr. Stevens regained consciousness
only once after the operation and then
said he was in great pain. The attend-
ing physicians reported at 6 o'clock
Wednesday night that death was cer-
tain in a few hours and operated in
the faint hope of saving his life.

Consul Kock was greatly affected
by the death of Stevens. Relatives
are on the way from New York and the
body will remain here awaiting their
disposition.

In Whan Chang, Korean, who fired
the shots which proved fatal to Stev-
ens, when informed at the jail of his
victim's death, received the news with-
out any surprise and with manifest
delight.

Since the day of the shooting Chang
has been expressing the hope that
Stevens' wounds might prove fatal.
When asked if he was sorry for what
he had done Chang said:

"Ho; I am glad! He was no friend
of Korea, and he is better off dead."

Mr. Stevens' death will result in a
charge of murder being brought
against both Chang, who fired the
fatal shots, and Chun, his accomplice,
who attacked Stevens as he alighted
from his automobile at the Ferry build-
ing. Chun, who was wounded by a
wild shot from his companion's revolv-
er, is at Kane hospital, where it is
said he is apparently on the road to
recovery.

TWO CONVENTIONS.

Held at the Same Time and in the
Same Hall.

Jackson, Miss., March 26.—The Re-
publicans of this the Eighth congress-
ional district, held a double barreled
convention in this city. That is, two
conventions were held at the same time
in the same hall, and two sets of dele-
gates were elected. The regulars,
those having possession of the party
machinery, elected Wesley Crayton,
colored; M. J. Mulvihill, white, both
of Vicksburg, as delegates to the na-
tional convention, and Jere Blow of
Jackson and J. N. Cranberry of Terry,
both negroes, for alternates. There
was no endorsement of any particular
candidate for president, but the Roose-
velt administration was endorsed in
the strongest terms, and it is under-
stood the delegates favor Taft.

The Foraker followers drew the col-
or line, and selected all negroes, both
as officers of the convention and dele-
gates to the national convention, the
delegates being Percy Howard of Jack-
son and Rev. J. I. Gerrett of Rankin
county, and instructed them to vote
for Foraker for presidential nominee.

WAGE SCALE RESTORATION.

Cotton Mill Officials Are Holding Out
Little Encouragement.

Boston, March 26.—Cotton mill offi-
cials here hold out little encourage-
ment that the wage scale prevailing
before the pending cut will be restored
with the recovery of business. It is
assumed that when business revives
all branches will proceed on the scale
proportioned to new conditions.

Prices for goods and for raw mate-
rial already in many lines are much
lower and the average price of com-
modities drags sharply, reducing the
cost of living. Wages in general, it is
predicted by mill officials, will start
in a corresponding lower level.

If the Fall River sliding scale so
operates in May as to reduce wages
13 to 14 per cent, as has been estimat-
ed, others may meet the full cut, it is
said.

Mill officials say they do not look
for any strikes as the result of the
present reduction of wages, although
with large stocks of goods how on
hand a shut down, they claim, would
distress mill owners much less than
operatives.

AFTER RICKEY.

President of State Bank and Trust
Company Indicted.

Goldfield, Nev., March 26.—The Es-
meralda county grand jury, as the re-
sult of its investigation into the af-
fairs of the State Bank and Trust
company, found two indictments
against President Rickey, charging
embezzlement.

The report of the state bank exam-
iner implies that the failure to act is
due to the fact that Rickey made the
state a preferred creditor, and finally
secured the state's account with mark-
etable bonds and stocks, which were
converted into cash, the state coming
out whole. The grand jury finds "that
the rehabilitation committee, so-called,
is composed of attorneys and relatives
of the board of directors of the defunct
institution and their expenses and sal-
aries are being paid out of the rem-
nant of the depositors' money."

Noted Theological Educator Dead.

New York, March 26.—Rev. Charles
Cuthbert Hall, president of Union
Theological seminary, died at his home
here. He had been ill about two
months, and recently submitted to a
surgical operation.

Suffering From Weakness.

London, March 26.—Premier Camp-
bell-Bannerman is suffering from
weakness.
